MMT MANAGER HAS NOT BLOWN OVER GH¢ 20,000.00

The management of Metro Mass has denied a Daily Guide report that an MMT Manager Takoradi has duped the company to the tune of over GH¢ 20,000.00.

The company dismissed the figure GH¢ 20,000.00 quoted in the paper's May 22 edition and expressed disgust as to why the reporter could not contact the Head Office for details of the scam currently being investigated.

Management wishes to advise reporters to feel free to approach it for verifiable facts and figures given by informants especially those pleading 'anonymity'.

A statement issued by the Management today dismissed the claim in the report that it was intended to reinstate the Manager embroiled in the scam.

"The Management of Metro Mass has rules and regulations governing such cases, and would therefore stop at nothing to implement them when necessary", it added.
